Whitfield Lauds Two-Day Civil Defense Alert Here

VICTIM X SAVED—Air rescue workers team to save Victim X, who was "severely burned" when a mythical nuclear bomb hit New Orleans Friday during Civil Defense's annual "Operation Alert." CD workers W. J. Lafontaine, Roy Baxter and J. T. Jacobs are shown aiding the evacuee near Pearlington.

A two-day "Operation Alert" Civilian Defense test staged last week was locally termed "very successful and benefiting" by Ken Whitfield, Hancock county CD director.

The first alert came Friday afternoon and lasted through Saturday morning with 65 local CD workers being activated.

The entire project for Hancock county revolved around evacuee problems for New Orleans. Theoretically it was estimated that 80,000 persons were injured when a mythical nuclear bomb hit the Crescent City, and 164,000 were evacuated east to Mississippi as the deadly "fallout pattern" was carried west by strong winds.

A convoy of 45 CD and Red Cross workers were sent to Pearlington, near the Mississippi-Louisiana state line, Friday afternoon to set up a rescue system, carrying the "injured" by airplane and ambulance to Gulf Coast area hospitals.

Whitfield said Capt. Greer Gray, a Third Army officer, was sent to observe the techniques of the local unit during the operations and reported that the officer thought highly of the drills.

"Many good points were found, but weaknesses and some policies that need touching up were discovered," Whitfield said as he described the entire operation as "a worthwhile activity."

Kiddie Day Planned At Municipal Beach

Plans are progressing rapidly for a big week end of fun, rides and games for the kiddies on the beach August 4-5 for a fish pond and a grab bag, as children of all ages, Mrs. Thelma W. Jacobs, as a general store with Tudary, Parks and Playgrounds items of interest for all.

Chairman, said this week. The event is being planned by the playground commission to raise funds to rebuild the municipal pier.

Refreshments will be available right on the beach, Mrs. Tudary said. There will be chili-dogs, pink lemonade, home-made cakes and candy, soft drinks, ice cold watermelon and many other good things for sale, she declared.

Snow White And Robin Hood Theme Of Aux Story Hour

"Snow White" and "Robin Hood" will highlight the story hour at 10 a.m. at the local library today. The story hour is for children 6 to 11 years of age, and is sponsored each Friday by the American Legion Auxiliary.

Mrs. Russell Elliott, who is replacing Mrs. Albert Bleif as director of the story hour for two weeks, reported that the story hour was very well attended last week, and several stories were both read and told.

Robert Bressler Is Seriously Injured In Auto Smashup

Robert Lee Bressler, 25-year-old Mississippi Southern College student from Bay St. Louis, is confined at Pearl River County Hospital in Poplarville with serious injuries suffered in a two-car collision Sunday afternoon near Poplarville.

Attendants at the hospital said today that full extent of Bressler's injuries had not been determined but they included a fracture of the pelvis. His condition was described as "satisfactory."

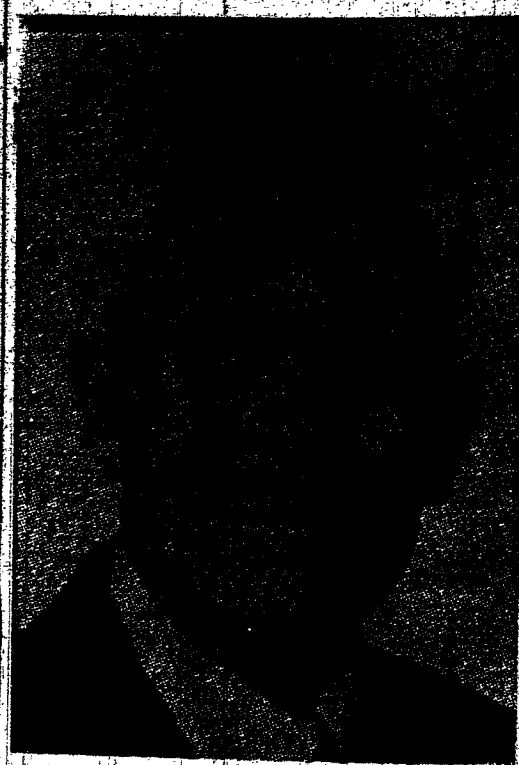

Young Bressler is the son of Mr. and Mrs. Thomas Bressler. Edgar Womack, 26, of New Orleans, driver of the other car involved in the crash, also is confined at the hospital with lacerations and possible internal injuries, particularly of the chest. He was reported in fair condition.

Bressler is a journalism major at Southern, and is a graduate of Pearl River Junior College at Poplarville.

The accident occurred on Highway 11 north of Poplarville.

Mr. Geisler is married to the former Anita Bourgeois of Waveland. They have a son George Jr. and a granddaughter, Sandra.

Claude Holden Is Struck By Auto

A 50-year-old Bay St. Louis man was seriously injured Sunday when hit from behind by an automobile while walking along the Old Spanish Trail, near Nicholson Ave.

Claude Holden was reported to have received a broken leg and bruised ribs about the face, and is in an improved condition at Gulfport's Memorial hospital.

Deputy Sheriff August Scaddi said that the driver of the car, Jessie Lott, 29, Kilm, has been charged with drunken driving and released on bond.

According to witnesses' reports, Lott was travelling west and Holden was walking in the same direction, far right of the highway. Lott reportedly cut in too sharply after passing cars and struck Holden.

Holden hit against the right front fender and broke the glass of the right window.

Martial Bertin Dies In Crash In Maryland

Word was received early Sunday morning of the death in an auto accident of Martial Bertin, 3807 Nicholson St., Hyattsville, Maryland. He was formerly of Bay St. Louis but since 1941 had been a Maryland resident where he was employed by the Department of Agriculture.

He is survived by his wife, the former Corinne Peterson of Pass Christian; a daughter, Mrs. Frederick Reamy; a son, Peter, all of Maryland; and his mother, Mrs. Gertrude Bertin, Bay St. Louis.

The body arrived by plane in New Orleans Monday noon accompanied by members of the family. Funeral services were held Wednesday from the Fahy Funeral Home with a Requiem Mass at Our Lady of the Gulf Catholic Church. Interment was in St. Mary's Cemetery.

PASS LANDMARK BURNS SUNDAY

Historic Ossian Hall, 14-room home constructed in 1848 on East Beach at Pass Christian, still has her stately columns standing erect after a blazing fire razed the building early Sunday.

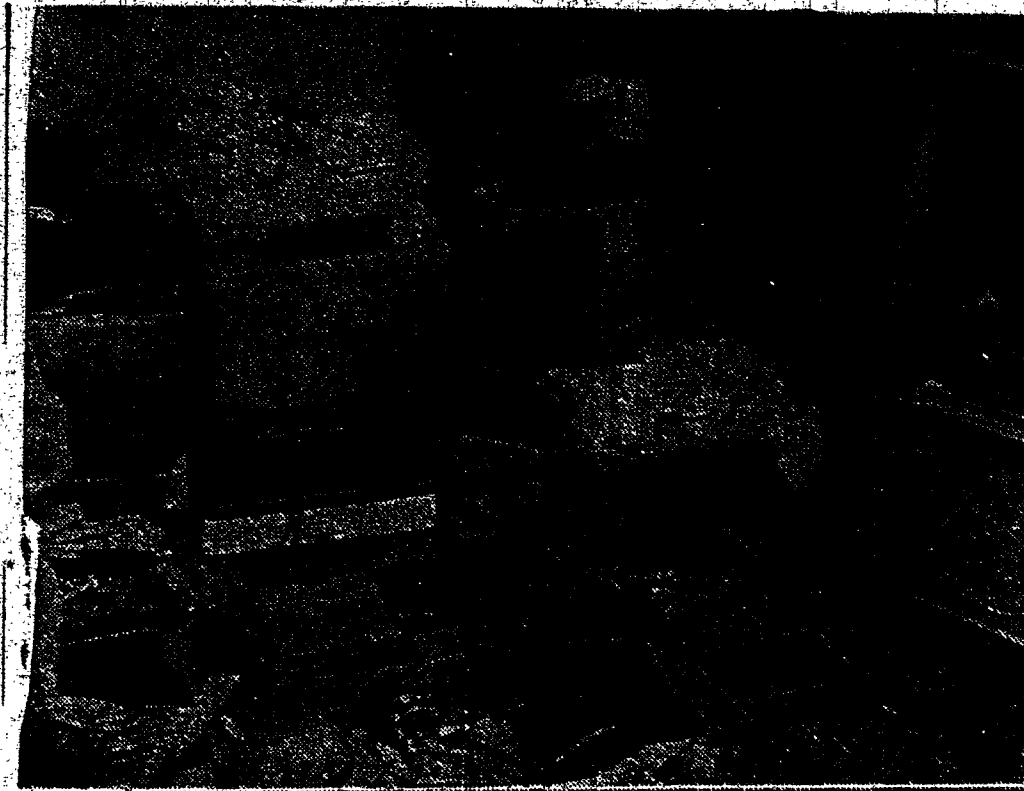

Firemen from Pass Christian, Gulfport and Long Beach battled the fire for two hours before extinguishing the blaze.

The landmark, owned by Colonel and Mrs. Hubert E. DeBen, Pass Christian and New Orleans, was the second historic building to be destroyed by fire in Pass Christian within a year. Mayor Francis Hursey said The Dorothy Dix home on West Beach burned late last year.

Pass fire chief Louis Wise said the extent of damage to Ossian Hall has not been evaluated.

MENOU ARCENEAUX NOW IN GERMANY

Pvt. Menou Arceneaux notified his parents Mr. and Mrs. E. J. Arceneaux of his arrival last week at his new station in Germany. The Army post is located near the Swiss border.

Theft of \$4.50 worth of groceries from Pitolo's Super Market Saturday led to the uncovering of a series of burglaries dating back at least two years and the recovery of loot valued at more than \$2,500.

Serving a 60-day sentence in the Hancock County jail for shoplifting is Fred Willard, 47, of 130 Carroll Ave. Willard waived preliminary hearing on entering at least six Bay St. Louis business houses, and has been bound over to the Grand Jury Sept. 10 with bond set at \$5,000.

Anthony Pitolo Jr. told the Echo he had suspected Willard of stealing from his grocery, and when Willard entered the Pitolo market Saturday, Pitolo requested Deputy Sheriff Gerald Favre to watch Willard.

Willard was apprehended with about \$4.50 worth of groceries, and was charged with shoplifting by Deputy Favre. Willard was sentenced to 60 days in jail and fined \$50 and costs in Judge Nolan Ladner's JP Court.

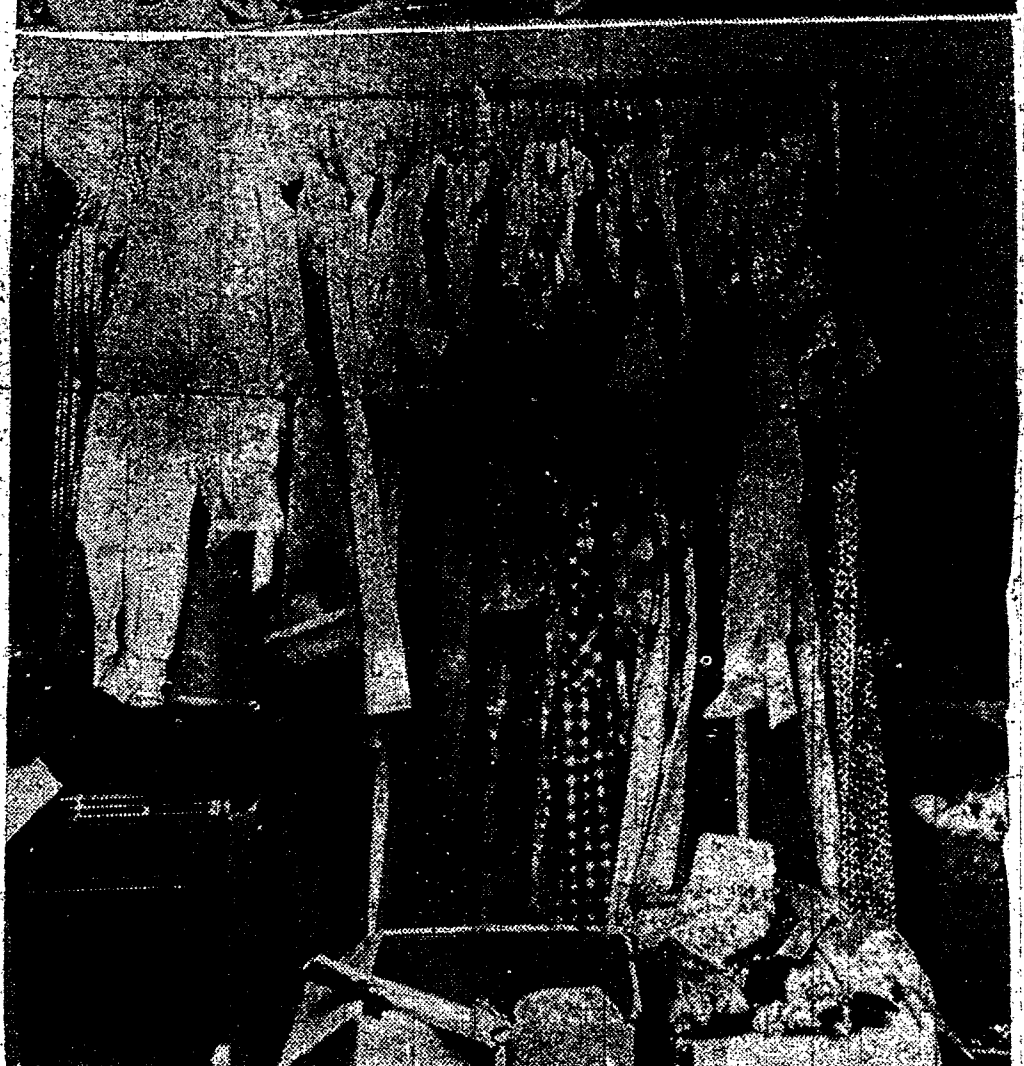

Obtaining a search warrant Sunday, Sheriff Sylvan Ladner, Deputy Lathon Garriga and Deputy Favre ransacked the Willard home. There they found merchandise which Sheriff Ladner said was worth "at least \$2,500."

Sheriff Ladner said Willard at first denied the recovered goods was stolen, but later admitted taking merchandise from six local places of business.

Willard reportedly admitted entering Demoran's in 1952, and again in 1955, when he took a 21 inch Philco television set. The sheriff said Willard also confessed to entering Gerome's department store in 1955 and Brown's Department Store in 1955, and taking clothing from both.

Among loot recovered was a hotplate and Mixmaster, which were taken from the Bay High School lunchroom in 1954; a tube tester taken from Bufkin's and soldering irons thought to have been taken from Maufrey's Hardware.

"Willard has admitted taking goods from these six places," Sheriff Ladner said, "but much of the stuff we recovered is still unaccounted for."

Pictured above is some of the merchandise taken from the home of Fred Willard, who admitted entering six Bay St. Louis stores. —Sea Coast Echo Photos

Bay National Guard Training at Camp Shelby

By CHRISTOPHER BELL

CAMP SHELBY, July 26—One hundred National Guardsmen from the Hancock county area arrived here Sunday by convoy and are deployed in various activities to complete

their two week's summer training.

Together with units from Piquette, Gulfport and Hattiesburg, Company C from Bay St. Louis completed the total of 557 men of the 890th Engineer Aviation Battalion training under the command of Major P. W. Shaw.

The battalion drew an assignment of eight projects, two of which are to be completed by Company C, commanded by Lt. Irvin S. Kingston. The two projects are the construction of a 100-by-40-foot quonset hut, under direction of Warrant Officer Alton Barber and M Sgt. Hanny Traviva, M Sgt. Henry Prevon and SFC Henry Farve, at which fifty men are working, and the clearing of a wooded area, five miles east of the quonset construction, for a 100-car parking lot.

This latter project is under the supervision of Lt. Paul James and Sgt. Steve Prime, and ten guardsmen are at work on it. Both projects are scheduled to be completed next week.

The parking lot will be opposite an 80-acre excavation the company helped dig last summer, which is intended for a future lake, and alongside a site reserved for an officers' club.

Company C is divided into four platoons, headquarters, general construction, earth moving and transportation, and all men and officers of the unit are engaged in activities assigned according to these particular classifications.

A five man motor pool is headed by Sgt. Jack Lee, while Pfc. William Carbone of Co. C is an instructor in Motor Grader school, teaching operation and maintenance of the graders to other companies.

Pfc. Robert Boudin and Pfc. Donald Cuevas are attending non-commissioned officers school and Pvt. Bertin Webb is attending projection school.

Fifteen recruits, commanded by Sgt. Luke S. Scianna, completed special training Wednesday in courses in personal hygiene, military conduct, the reading of the Articles of War, and practice on the firing range.

Sgt. Jesse Whitfield is in charge of a crew of six cooks who prepare three daily meals for the men, and six other men assigned to transportation supply the company's eight trucks for use of any other company that may need them.

Eleven tents house the company's 100 man detail, while the mess hall is located a hundred feet away in a small building.

A brief tour of the camp area shows the local company and the entire battalion well along on projects assigned them for completion within the two weeks allotted. A strict daily routine starts the day for these civilian soldiers. Breakfast is welcomed at 6 o'clock and the day's real work begins at 7:30 and continues until 4:30 p.m. From 4:30 in the afternoon until the following morning the men

are free. Many go for a cool dip in Lake Shelby before getting dressed for an evening in nearby Hattiesburg.

The guardsmen all expressed a real interest in the projects assigned them and seemed pleased to be working on assignments of some practical value to the camp.

Scheduled to return to Bay St. Louis Aug. 5, the local guardsmen will participate in a 2,000-man pass-in-review parade Saturday before Major General William P. Wilson, post commander.

Lt. Kingston said that the public is invited.

YOUNG AT HEART

It is remarkable that persons who have the most to lose by ending their lives in traffic mishaps are, as a class, the most reckless drivers of automobiles. This is particularly true of young men.

Drivers who are under 25 years of age, if they are in normal health, can reasonably expect another 50 years of life at least 25 years of unimpaired ability to enjoy living.

Yet the youngsters who have so much to lose take chances which suggest that it does not matter to them how soon they are hauled to the cemetery.

The National Safety Council reports that drivers over 25 improve their accident record substantially last year, but that the record of drivers under 25 became worse. Young drivers in 1954 were involved in 24.1 per cent. This indicates why insurance companies make an extra charge for liability policies on drivers under 25.

ers under 25.

Youngsters, by a vast majority, have better driver instruction than their parents and grandparents had. Their eyes and ears are keener and their reflexes sharper.

They should be the best drivers on the road today. Unfortunately, the figures are against them. The truth is that drivers of 20 to 25 are, most of them, experts at the wheel. Unfortunately, the skill they have as a class is partly nullified by the quick of nature that makes youth prone to recklessness.

It is not normal for young men to give much thought to death or to the danger of suddenly becoming a permanent cripple. They think in terms of a long future.

It is depressing to think of the loss in human resources occasioned by reckless driving. It is particularly deplorable for young persons who are just beginning their careers to have their lives suddenly snuffed out. Yet Mother Nature probably did well to make youth more blid to danger than age.

The recklessness of youth is expensive and at the wheel of a car it can be tragic, but it helps to speed up material progress.

A housewife, sans makeup, hair in curlers, and wearing a robe over her pajamas dashed out of the house and hailed the garbage collector.

"Has the garbage gone yet?" she inquired.

"No, Ma'm, get right in," the collector answered.

SOUTHERN SAMPLERS

BY CHRISTOPHER BELL

"When polio was running rampant, unchecked and at will, no scientist anywhere knew the answer that would bring this monster under control," Hancock county health director C. M. Shipp told us last week. The health director said that cases were popping up in our state to the tune of five hundred to seven hundred each year. "People were frantic," he said.

Dr. Shipp said polio is chronic in two ways, in expense and in its long and continuing efforts. Limbs and other parts of the body that are paralyzed will never function because the nerve supply has been destroyed. It leaves a wreck that cannot be repaired, only alleviated by wearing iron braces or using crutches for the rest of life.

"Why not prevent the wreck?" asks Dr. Shipp. "Are people afraid?"

Last year a producer sold vaccine with live colonies in the vaccine—but the Government appropriated two and a half million dollars to employ scientists to stand over and watch the producers make the vaccine and see they followed every step required by the formula. We now know every batch of vaccine is absolutely safe, and potent.

The Mississippi state board of health now urges people in the older age groups to get polio shots from their physicians.

From 15 per cent to 20 per cent of all polio occurs in the age group over 19, and primarily from 20 to 30 years of age.

However, in all age groups, especially the younger, Dr. Shipp urges that children receive the polio vaccine immediately.

BAPTISTS BELIEVE... MAN HAS A BASIC NEED

A young lady who complained that she was worried, sleepless and miserable asked a Baptist pastor for help. She was not physically ill, nor did she have low moral standards.

The pastor could have prescribed a large dose of "positive thinking" and regular spiritual exercises, such as "thinking only good thoughts," with the assurance that soon all would be well. But he knew her problem was deeper. She was out of fellowship with God.

He explained that the Bible reveals this common ailment. It says, "For all have sinned, and come short of the glory of God" (Romans 3:23). He pointed out various terms in the Bible which describe the man who is not in fellowship with God. He is said to be a "sinner," "condemned," "without strength," "ungodly," an "enemy" of God.

"All persons are not equally wicked," but all are equally lost in their sin and need a Saviour to return them to God.

"Both the hardened criminal who kidnaps a baby and a boy who steals marbles should feel like King David when he prayed, 'Wash me thoroughly from mine iniquity, and cleanse me from my sin. For I acknowledge my transgression: my sin is ever before me' (Psalm 51:2-3)."

When God looks at people he sees more than man can see. He sees each person created in the image of God, but helpless and hopeless because of his sin. God's view is expressed in the words of Jesus, "I said therefore unto you, that ye shall die in your sins: for if ye believe not that I am he, ye shall die in your sins" (John 8:24).

"Jesus Christ, who is God's Son and at the same time our Saviour and friend, fully understood that we have this faulty nature," the pastor told the worried young lady. "He knew all men. And needed not that any should testify of man: for he knew what was in man" (John 1:18).

2:24-25). "When we see ourselves as God sees us," the minister continued, "we see that we are condemned already. But we see also that Christ died for us and can restore us into full fellowship with God. The way out for you and for the whole world is to accept Christ's offer to restore your lost fellowship with God. To do this, you must trust Christ completely. 'Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved' (Acts 4:12)."

The young lady surrendered herself to Christ and enjoys fellowship with God everyday. Do you enjoy this same fellowship?

Cool Dip In Bay Treat For 33 Travelers

Thirty-three campers were treated to a cool swim Monday in Bay St. Louis, part of an educational vacation tour throughout Louisiana, Mississippi, Florida and Cuba.

Eddie Cole, Shreveport, La., post office employee, who also runs a summer camp in Pine Ridge, Ark., takes a group of boys on the two-week trip, after their three weeks at his camp.

This is the third year youngsters, ages eight thru fifteen, have made the trip. There is a swimming director for each seven boys in the group.

The beautiful sights of Bay St. Louis and the Mississippi Gulf coast weren't new to Ivan Galenovic, Houston, Tex., who was a student at St. Stanislaus a few years back.

The Board of Mayor and Commissioners then took up for consideration the matter of the issuance of Fifty Thousand Dollars (\$50,000) Street Improvement Bonds of the City of Bay St. Louis, and, following a discussion of the subject, Commissioner Glover offered and moved the adoption of the following resolution.

A resolution declaring the intention of the Board of Mayor and Commissioners of the City of Bay St. Louis, Mississippi, to issue negotiable bonds of the said city in the maximum amount of Fifty Thousand Dollars (\$50,000) to raise money for the purpose of paying the cost of constructing, improving and paving streets in said city.

WHEREAS, the Board of Mayor and Commissioners of the City of Bay St. Louis, Mississippi, having made due investigation, finds, determines, and declares that it is necessary to construct, improve and pave streets in said City; that the estimated cost thereof is Fifty Thousand Dollars (\$50,000); and that there are at this time no funds available in the City Treasury of said City for the payment of such costs; and

WHEREAS, it is necessary and advisable and in the public interest that the sum of Fifty Thousand Dollars (\$50,000) required for the aforesaid purpose be obtained through the issuance of bonds of said City as hereinafter proposed; and

WHEREAS, the Board of Mayor and Commissioners of said City does further find and declare that the assessed valuation of taxable property within said City of Bay St. Louis, according to the last completed assessment is Four Million, Three Hundred Ninety-three Thousand, Three Hundred and Thirty-four Dollars (\$4,393,334); and that the total general obligation bonded indebtedness of said City at this time is Forty-seven Thousand Dollars (\$47,000); and

WHEREAS, the amount of bonds hereinafter proposed to be issued, namely, Fifty Thousand Dollars (\$50,000), when added to the aforesaid outstanding indebtedness of said City, will not exceed ten per centum (10%) of the aforesaid assessed valuation of taxable property within said City; and

WHEREAS, the amount of bonds hereinafter proposed to be issued does not exceed Fifty Thousand Dollars (\$50,000) or five per centum (5%) of the aforesaid assessed valuation of taxable property within said City; and

WHEREAS, the City of Bay St. Louis has not, within a period of twelve (12) months from the date of this resolution, heretofore issued bonds with an election, under the provisions of Section 7, Chapter 499, Laws of Mississippi, 1950;

SECTION 3. That notice be hereby given that a written protest against the issuance of said bonds may be filed with the City Clerk of the City of Bay St. Louis at or prior to the above named date and hour, and that if such protest be filed and be signed by twenty per centum (20%) of the qualified electors of said City, then an election on the question of the issuance of said bonds shall be called and held as is provided by law. If no such protest be filed the said bonds may be issued without an election on the question of the issuance of said bonds.

SECTION 4. That the City Clerk be and is hereby authorized and directed to cause this resolution to be published in The Sea Coast Echo, a newspaper of general circulation in the City of Bay St. Louis and which is eligible under the provisions of Chapter 497, Laws of Mississippi, 1948, and that the said resolution be published

TWO CHAMPIONS OF THE ROAD...

both Chevrolets!

To the eye, the new Corvette and the new Chevrolet are far different. But these two champions have one superb quality in common—both were born to cling to the road as though they were part of it!

Chevrolet's astonishing roadability is a big reason why it's America's short track stock car racing champion. It can and does out-run and out-handle cats with 100 more horsepower. When you wed rock-solid stability to superb engines such as the 225-h.p. V8 that flashed the Corvette to a new American sports car record—then you get a real championship combination. Fred Whitfield was treated at Crosby Memorial hospital for shock and bruises. E. J. Johnson, Santa Rosa, also was treated for shock and bruises. According to P. Zeke Clark, an automobile driven by Donald G. Hinton, Waynesboro, collided with Whitfield's mail carrier truck, which was parked at a curbing. Damages were estimated to be \$300.

POLIO SHOTS ARE NOW URGED FOR ADULT GROUPS

People in the older age groups are now urged to get polio shots from their physicians, following the removal of all controls on the state distribution of polio vaccine for use in private medical channels.

"From 15 per cent to 20 per cent of all polio occurs in the age group over 19, and primarily from 20 to 30 years of age," says Dr. A. L. Gray, Director of Preventable Disease Control, who feels that many people over 20 years of age will want the vaccine now that it has become available to them from the private physicians.

Dr. Gray wants the public to understand that the recent decision of the Bellomyellitis State Advisory Committee to remove all age limits on use of vaccine applies only to that commercial channels and not to vaccine given in the health department throughout the state.

"We will have to restrict our efforts in the polio vaccination programs in the health department to those 6 months through 19 years of age and pregnant women so long as we are purchasing all our vaccine with Federal funds," explained Dr. Gray.

"However, we hope that large numbers of adults, especially those from 20 to 30 years of age, will get this vital protection against polio crippling from their private physicians. Nothing is more tragic than to see a young mother or father needlessly crippled. We are happy that the current and anticipated supply of vaccine warrants the action of the advisory Committee, set up to guarantee the wise distribution of this precious protective, in lifting all age priorities now before polio hits its seasonal peak.

Mrs. Theo Tudury, Hancock County chairman for the antile Paralysis, urges all parents to take their children to the health doctor for their shots. Vaccine shots. Now is the time to fight polio.
